Subject: Invitation - City of San Luis Obispo Building Code Community Event - May 1, 2019

Greetings,

The City of San Luis Obispo invites you to a community event on May 1, 2019, at the Ludwick Community Center (864 Santa Rosa Street). The event will provide background as to why the City is considering amendments to the energy section of its building code, what the process entails, and what potential amendments might include.

On February 19, 2019, the City of San Luis Obispo City Council directed staff to develop amendments to the energy section of the City's building code in support of its ambitious climate action goals, and to achieve objectives related to health and affordability.

We will be hosting two identical meetings to allow for maximum participation (3:30-5:00 and 6:00-7:30). Please RSVP for one of the meetings using [the Eventbrite page](#):

https://www.eventbrite.com/e/carbon-free-slo-2020-building-code-updates-tickets-60246822869?aff=utm_source%3Demail%26utm_medium%3Demail%26utm_campaign%3Dnew_event_email&utm_term=eventname_text

You are receiving this email because you have been identified as a key stakeholder or a key contact at a stakeholder organization. Please forward this invitation to any of your colleagues or connections that might be interested. If you have any questions about the event or the project, please don't hesitate to send me an email or to call me at 805-781-7151.

We look forward to speaking with you!

Best,

Chris Read Sustainability Manager
